## **Shellsburg Public Library Mission Statement**

The mission of the Shellsburg Public Library is to give the public timely access to information through a wide variety of materials, appropriate technology and a well-trained staff. We are committed to delivering services in a professional manner and encouraging public participation in our efforts to enhance the educational and cultural development of our community.

### **Policy Category – Services and Operation** **Policy Name - Borrowers**

Based on the funding of the Shellsburg Public Library, free library service is available to all adults and children residing within the city limits of Shellsburg and any residents of Benton County. Persons applying for a library card must verify their name and date of birth by providing a valid drivers' license, state or military ID. Patron must also supply valid proof of current address from a utility bill, bank statement or other piece of mail. Any child or teen under age 18 that is unable to provide a valid drivers' license or permit to verify age must have parental consent to apply for a library card. Temporary residents must present proof of a permanent address and a temporary address to obtain borrowing privileges. Temporary residents holding a library card will be restricted to checking out five items at one time. Any patron who has not checked out any material for three years will be required to apply for a new library card due to the current library software system.

The Shellsburg Public Library participates in the Iowa Open Access program, which means that any resident of Iowa may borrow materials from this library by presenting a library card from their local public library. They will then be issued a Shellsburg Public Library card. Families will be charged a nominal annual fee for borrowing privileges if they reside in a community that does not have a library and does not contract for services with one.

The Shellsburg Public Library Board adopts the Library Bill of Rights from the American Library Association. See Appendix A.

### **Policy Name – Laptop with Webcam Computer Use**

#### **Shellsburg Library Laptop Loan Policy**

Patron must be 18 years of age or older and provide a photo ID, must have a valid borrowers card at least 60 days old and in good standing. Patron must sign a laptop loan agreement. Laptop loans are available in the Shellsburg Library only and cannot be removed from the library.

Laptops may be checked out for a period of one hour and usage may be extended depending on demand. Laptops cannot be reserved. Users must recognize that technology is imperfect and that it is therefore not possible to block everything that might be considered objectionable. Under no circumstances should a laptop be left unattended in the library. This is the sole responsibility of the patron who has checked out the laptop.

Laptops must be returned to a library staff member and checked in before the patron leaves the library; if a laptop is left on the counter and not checked in by staff, the patron responsible for the laptop will be subject to a \$10.00 fine and laptop checkout privileges will be revoked. If a laptop is left without being checked in to a staff member and the laptop is stolen, the patron is responsible for the replacement cost of the laptop (\$1,500.00).

The patron to whom the laptop is signed out will be responsible for any loss or damage that occurs before it is returned to the library staff. The patron will be liable for an amount up to the full replacement cost (\$1,500.00) if the laptop is damaged or stolen. The Shellsburg Public Library is not responsible for loss or damage to the patron's data or media due to hardware, software, electrical surge or failure, or any other cause while the patron is using library computer equipment. Patrons should be aware that wireless connections in the library are not secure, and should take precautions with personal information while using library computers.

No data may be permanently saved to the hard drive of any library laptop, therefore it is the responsibility of the user to bring a data storage device compatible with the computers. We recommend the use of a USB flash drive. Laptops are equipped with software that restores the computer to its initial state when rebooted. The laptops are unable to connect to the library's printers. Printing can only be done at one of the public PC stations. If you don't like the touch pad, you may ask at the desk for a mouse. The laptop batteries hold a charge of about three hours, but the library cannot guarantee that the laptop loaned out will be usable for that full amount of time. It is the user's responsibility to save data in case of a battery failure.

Software available on the laptop includes Internet Explorer and the Microsoft Suite: Word, Access, Excel, Power Point, Publisher, Info Path, Communicator, Office 2007, and Microsoft Outlook. The staff will assist with basic computer usage questions, but are not available on a regular basis for extensive training of users. Users are expected to have working knowledge of the computers and programs.

Laptops cannot be used in an area where food and drink are permitted. The library reserves the right to restrict or terminate computer use privileges of any patron who is misusing or abusing library equipment or not acting in accordance to library policy. The library reserves the right to update and change this policy at any time without notice. It is the responsibility of the user to read and accept the current version of the policy. Violation of the laptop loan policy will result in termination of laptop privileges permanently.

## Laptop Loan Agreement

1. I understand that by borrowing a laptop computer from the Shellsburg Public Library that I am responsible for the computer and all accessories. I will reimburse the library for any damages if the laptop or any software installed thereon is damaged, lost or stolen while checked out to me.
2. I agree to go to the service desk immediately if the laptop or any of its components are damaged, missing or malfunctioning.
3. I understand that laptop loans are for in-facility use only, and cannot be removed from the library.
4. I understand that the loan period for borrowing a laptop is one hour. I also understand that laptops must be returned to library staff at least 30 minutes prior to library closing, even if this does not allow me to use the laptop for the entire one hour period.
5. I understand that when the loan period has elapsed, I must return the laptop to a staff member at the circulation desk. Until the laptop has been placed in the hands of a library staff member and checked in, it is my responsibility. Otherwise, I will be subject to a \$10.00 fine and my laptop privileges will be revoked.
6. I understand that the library will not be held responsible for any damage or loss of data or media due to any cause while using a library computer.
7. I understand that library wireless connections are not secure, and will take appropriate caution with personal information while using library computers.
8. Jump drives may be purchased from the Librarian for \$15.00.

By signing this document, I verify I have read and understand the Laptop Loan Agreement and Laptop Loan Policy of the Shellsburg Public Library.

## **Policy Category – Environment and Facilities**

### **Policy Name – Shellsburg Public Library Lockdown Policy**

In the event of a police emergency, it may become necessary to “Lockdown” the library to protect occupants and minimize the overall exposure to danger. A “Lockdown” is the temporary sheltering technique, e.g. 30 minutes to several hours, utilized to limit civilian exposure to an “Active Shooter” or similar incident. When instructed by the Benton County Sherriff’s Department or City Police Department to initiate a “Lockdown” of the Shellsburg Public Library, the following tiered level policy is to be implemented.

**Low Level Lockdown** –Implement when alerted that an incident has occurred in the surrounding area. All exterior doors are locked not allowing entry to anyone until the all clear has been sounded. Patrons are advised to move away from windows. Patrons would be allowed to conduct business as usual and to leave at their own risk.

**Medium Level Lockdown** – Implement when alerted that an incident has occurred in the City of Shellsburg. All exterior doors are locked not allowing entry or exit to anyone until the all clear has been sounded. Patrons are advised to move away from windows. Patrons are not allowed to leave not only for their own safety, but also for the safety of others; including officers who would have to provide attention to their movements.

**High Level Lockdown** – Implement when an incident occurs on or near the library premises. All exterior doors are locked, lights are eliminated, and persons are gathered into one location. No one is allowed to leave until the all clear has been sounded.

Adopted May, 2013

## **Policy Category – Environment and Facilities**

### **Policy Name – Safe Child Policy**

The Shellsburg Public Library *is* a unique institution that welcomes customers of all ages to use its facilities, services and resources. Children and their safety are of great concern to libraries. We encourage families and youth to use libraries and, while doing so, also affirm parents’ responsibility for their children’s safety and upbringing. Children, like all library patrons, are expected to behave appropriately. Parents and caregivers, not library staff, are responsible for the behavior and supervision of their children in the library. An unattended child is a child of any age who is apparently unaccompanied by a parent or caregiver. Children who are unable or unwilling to care for themselves may not be left alone in the library, and must have adequate supervision from a caregiver. Parents and caregivers must be advised that libraries are public places. In libraries, as in all public places, 'stranger danger' is a real concern. Library staff cannot prevent children from interacting with or leaving the library with persons who are not appropriate caregivers. The library cannot be responsible for any consequences of caregivers forfeiting their responsibilities. Library staff may refer to appropriate authorities those children who are left unattended in the library.

Children or groups of children visiting the library from any preschool, child care or babysitting facility must be directly supervised at all times by caregivers to ensure safety and to monitor behavior. Caregivers must maintain direct visual supervision.

Adopted August 2024

## **Policy Category – Environment and Facilities**

### **Policy Name – Hostile Work Environment**

Positive working relationships are vital to the teamwork necessary to perform services and ensure the well-being of all employees. Employees are expected to conduct themselves in a professional, civil, and courteous manner whether interacting with the public or with fellow employees. Behaviors deemed to create a hostile work environment are prohibited. These include, but are not limited to: rudeness, malicious gossip, false allegations or providing false information about an employee, refusal to communicate including deliberate failure to share necessary job-related information, and avoidance or 'shunning' of a patron, volunteer, or co-worker.

Violation of this policy, including refusal to cooperate in corrective efforts by management, may result in disciplinary action.

Adopted March, 2014

## **Policy Category – Environment and Facilities**

### **Policy Name – Workplace Violence**

Violence in any form, or the threat of violence, has no place on library property. All patrons, volunteers, and employees have the right to be free from violence. Violence, or the threat of violence, by or against any patron, volunteer, or employee of the library is strictly prohibited and will be subject to disciplinary action including permanent banishment from using the library, or termination of employment.

Possession, use, or threat of the use of dangerous weapons, including all firearms, by any person, is not permitted on library premises. Dangerous weapons include, but are not limited to: any offensive weapon, pistol, revolver, or other firearm, dagger, razor, switchblade knife, or knife having a blade exceeding five inches in length.

For purposes of this policy, violence is defined as:

## **Policy Category – Collection and Records**

### **Policy Name – Collection Development**

The Shellsburg Public Library orders materials regularly to develop a strong collection. The librarian determines acquisitions, with advice from the Board of Trustees in the case of memorials, grants, or other special circumstances. All items in the collection are reviewed for retention, withdrawal, or replacement at least annually.

Monthly acquisition emphasizes national best-sellers and books by authors with high circulation rates. Works of non-fiction and reference items are added less frequently, but with a goal of expanding offerings across categories. Children's collection development is an ongoing priority, including fiction and nonfiction. New books are labeled to designate their level in the Accelerated Reader program used in the elementary school program. Materials are also being increased for preschool/daycare age levels and for middle school/young adult readers, two subgroups the library is targeting for added involvement. In addition, as funds permit, collection development will continue to include more resources in other media formats, such as DVD, books on tape, other audiotapes or CDs.

The director and Board regularly review and seek to improve the magazine/periodical collection. Acquisition of the EBSCO database is expanding the number of periodicals available to patrons in the library or from their homes. Magazines of interest to patrons will continue to be maintained in the library collection.

## **Policy Category – Collection and Records**

### **Policy Name – Reference Policy**

The Shellsburg Public Library's reference policy is to try to meet the needs of every citizen of the community. All patrons regardless of status are assisted in their search for information and treated with courtesy, respect, strict confidentiality and no censorship.

- B. Contests, Quizzes, Crosswords: These questions are not answered, but patrons are directed to sources from which they may seek an answer, unless the question may be answered by a quick fact.
- C. Medical Questions: Factual information can be provided from medical dictionaries and books, but questions that involve interpretation and opinion cannot be answered.
- D. Legal Questions: Citations from codes can be given and other legal resources suggested, but legal advice and/or explanations cannot be offered.

### **Policy Name – Internet**

The mission of the Shellsburg Public library is to provide the public with timely access to information through a wide variety of materials, appropriate technology and a well- trained staff. A goal of the Shellsburg Public Library is to enhance its existing collection in size and depth and provide opportunities for any citizen who wishes to explore the World Wide Web at the library.

The World Wide Web, as part of the Internet, is an unregulated medium. It offers access to a wealth of material that is personally, professionally, and culturally enriching to individuals of all ages but allows access to some material that may be offensive, disturbing and/or illegal. Internet filters are not used by the Shellsburg Public Library.

The library cannot control or monitor the vast amount of material accessible from computers and networks via the World Wide Web. As with printed material, not all sources provide accurate, complete or current information. It is the responsibility of individual users to evaluate the validity of all information found.

Wireless Internet access is available at Shellsburg Public Library. Patrons who wish to use their wireless-enabled equipment at the library must agree to abide by the library's Computer Use Policies. Patrons are responsible for their own set-up and configuration of all equipment, and library staff members will not accept the liability of handling non-library equipment. (see Computer Use Policies) Patrons will have access to library printers for the standard fee. Wireless networks are not secure, so caution is advised.

## **Policy Category – Collection and Records**

### **Policy Name – Requests for Reconsideration**

Individuals wishing to lodge a complaint concerning material held in the library collection must use the following procedure: An individual or group wishing to question the presence of an item in the collection should contact the librarian. If the objection is not resolved a Request for Reconsideration form should be filled out and signed. The written objection will be taken to the library Board for further consideration. Items the Board deems appropriate for the collection will not be removed except by court order.

## **Policy Category – Collection and Records**

### **Policy Name – Confidentiality**

All patrons and their inquiries should be treated equally. The needs of each library patron should always be taken seriously and treated with the utmost respect and confidentiality. Discussion of any individual's library use or inquiries outside the professional context is strictly prohibited.
